A. This is from a Japanese tourist guidebook. The book is about saving life in an earthquake. Nobody knows when an earthquake will come until it comes. To help you, we prepare this guidebook for you. Please read it carefully and it can help yourself if an earthquake should happen while you are taking a trip here.

1. Stay calm and don’t run.
2. Stay where you are. A lot of people get hurt when they leave buildings.
3. If you are in a building, get under a desk or table. Stay away from glass or windows.
4. Don’t use candles. This is to avoid fire.
5. If you are at outdoors, move away from buildings or walls.
6. If you are in a car, stop as soon as you can.

An earthquake may be just a few seconds or up to two minutes. The longer it lasts, the more serious it gets. The important thing is to stop what you are doing and hide low when an earthquake happens.
